SISIRA K

Malappuram, Kerala +918848436481 sisirakollarikkal213@gmail.com

PROFESSIONAL SUMMARY

B.Tech Information Technology graduate with a strong academic background and a focused interest in Python development. Skilled in Python and Django, with hands-on experience building scalable web applications. Possess foundational knowledge of blockchain concepts and strong problem-solving abilities, eager to contribute to innovative software engineering teams.

EDUCATION

B.Tech in Information Technology 2026
Institute of Engineering & Technology, University of Calicut **CGPA: 6.7/10**

Higher Secondary (Plus Two) 2022
M.M.M.H.S.S **Score: 85%**

SSLC 2020
K.H.M.M.H.S.S Alathiyoor **Score: 90%**

TECHNICAL SKILLS

- **Languages:** Python, Java, C
- **Frameworks&Web:** Django, HTML5,Bootstrap, Tailwind CSS
- **Databases:** SQL(SQLite),MySQL,DBMS Concepts
- **Tools**: Git, PyCharm, VS Code

KEY PROJECTS

Trading App with Ethereum *Python, Django, Blockchain*

- Developed TradeBee, a simulated trading platform using a virtual currency (Ethereum) to perform real-time buy and sell operations in a risk-free environment.
- Implemented portfolio management, profit/loss tracking, performance analytics, and live market data integration.
- Designed user and admin modules for account management, educational content, market updates, and system monitoring.
- Currently working on the market prediction module using analytical models to forecast trends and enhance trading insights.

Workers Portal *Python, Django, JavaScript*

- Developed a Home Service Management System to connect customers with verified household service professionals.
- Implemented features like service search, online booking, secure payments, and feedback system.
- Created role-based dashboards for customers and service providers to manage requests and schedules.
- Improved efficiency by automating the traditional manual booking process.

E-Commerce Platform *Python, Django, Bootstrap*

- Developed an E-commerce platform for patient-doctor appointments with doctor profiles, categories, and online booking functionality.

INTERNSHIP

Python Django Intern Techmindz
Intensive 2-Week Training Program Kochi, Kerala

- **Full-Stack Development:** Developed a CRUD-based web application module using the **Django MVT (Model-View-Template)** architecture, ensuring clean separation of concerns.
- **Database Management:** Utilized **Django ORM** to design relational database schemas and exe cute complex queries without writing raw SQL.
